

Passionate about addressing issues through fact-based, bipartisan dialogue that informs legislative policy

For Immediate Release:

February 11, 2018

Philip Block, Candidate for PA Representative – 168th District, signs pledge not to accept campaign contributions from the oil, gas and coal industries.

WHY THIS MATTERS:

It is imperative that we protect our environment and natural resources as our legacy for future generations. This involves reducing our impact on global climate change through reduction of greenhouse gas emissions and protecting our air, soil and water from contamination. Promoting practical and meaningful legislation to protect our environment requires the removal of the influence of fossil fuel corporate campaign contributions upon policy makers and policy decisions.

A BETTER WAY:

- Philip Block pledges to not accept campaign contributions from the oil, gas and coal industries.
- Philip Block pledges to promote science-based, practical legislation to protect our environmental legacy for future generations.
